

To Whom It May Concern:

On 9/2009 I hired Norm Lacey to be my realtor and help me find my first home. He conducted himself in a professional and friendly manner from our first meeting in his office. Mr. Lacey took me to the homes that were in my price range and did not try to get me to buy a house I know I couldn't afford. I found the perfect home for me and I was living in it within three months of first meeting Mr. Lacey. He was very efficient and walked me through all the paperwork along the way. He also took the time to explain anything I wasn't sure about without any hesitation. I would highly recommend him to anyone needing a real estate professional who is both friendly and knowledgeable in the field.
