“I recently used Norm Lacey to sell our property. Norm was very helpful during the whole process. I liked his presentation of the property online and in person. I felt comfortable with his ability to keep me on-track during the sale process: home inspections, septic, water flow tests, etc.

After my home sold, I then asked Norm to help me find a home to buy. As usual, he never skipped a detail, and always gave good advice.

When someone asks me who would be a good realtor, I always recommend Norm.

Thanks, Norm!
