To whom it may concern,

It is my pleasure to recommend Norm Lacey for your real estate needs. As the former City Manager of Reedsport, Oregon, I have had many opportunities to work with and observe Norm. He is an active and engaged member of the community who cares deeply about the economic development and quality of life of the Reedsport/Winchester Bay/Gardiner area. I have the utmost respect for him on many levels, which is why we chose to work with Norm Lacey when we listed our personal residence for sale in the summer of 2015.

When I first met Norm, I was immediately impressed with his demeanor, approachability and his open-style of communication. Because Reedsport is a close-knit community, I was able to observe Norm's style and high level of competence as a real estate broker. I was not surprised when Norm brought us a qualified buyer within a month of listing our home for sale. Norm handled the transaction from start to finish, including arranging for inspectors and contractors. Most important to me was his high level of communication to us throughout the process.

Norm's aptitude toward community improvement and involvement, his professionalism and his willingness and genuine desire to work with and help people is impressive and contributes to his success. All of his work is handled with great care and concern. My experience with Norm has been such that he takes great pride in his work and has certainly proven to be very conscientious and dependable. In addition to his self-motivated style, he demonstrates a high sense of integrity, reliability and professionalism. Again, it is indeed my pleasure to recommend Norm Lacey for your personal and professional real estate needs.

Sincerely,

Scott Somers
Former Reedsport City Manager
